

Save Time with The Catalyst™ Admin Experience

Get ready for a game-changing innovation that will transform the way you manage Everything DiSC® on Catalyst™! The Catalyst Administrator Experience pilot is designed to simplify many of the administrative tasks you previously managed in EPIC, offering greater ease and efficiency than ever before. Whether you're managing organizations, departments, learners, assignments, or groups, the Catalyst Administrator Experience has you covered.

Get started now by linking your EPIC and Catalyst™ accounts:

1

Log into EPIC at
admin.wiley-epic.com.

2

Click the Personal Options menu
and select **My Personal Settings**.

3

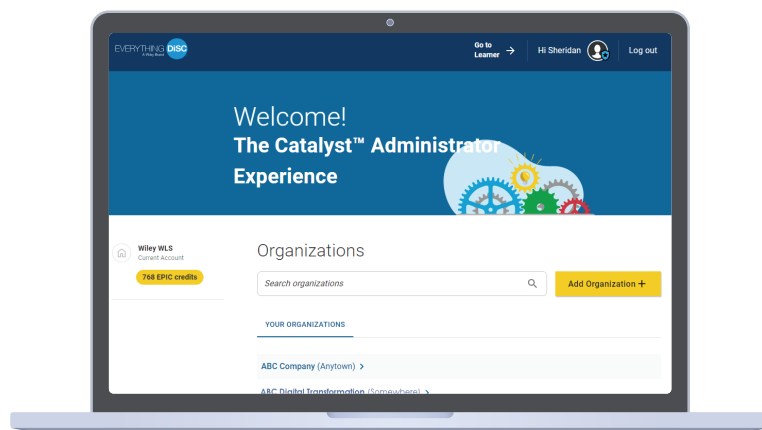

Choose Synchronize my EPIC and
Catalyst users from the dropdown.

4

Enter your Catalyst username and
password, then click **Sync Users**.

Here's what to expect:

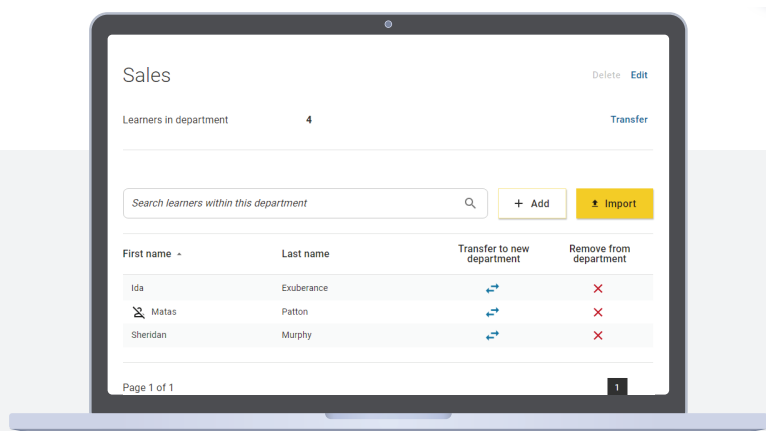

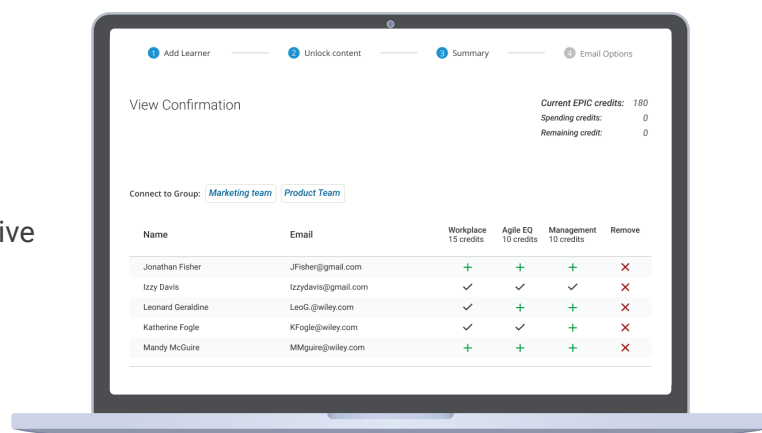

- **Greater control and visibility** by eliminating the tedious assessment tracking checks in EPIC
- **Seamless learner management** streamlines placement into groups and departments
- **Intuitive dashboard** helps you get tasks done faster so you can focus on what matters

Explore the Catalyst™ Administrator Experience

Assign Content Effortlessly:

Easily assign Catalyst™ content to new or existing learners in bulk or one by one using Catalyst's intuitive interface and easy-to-use templates.

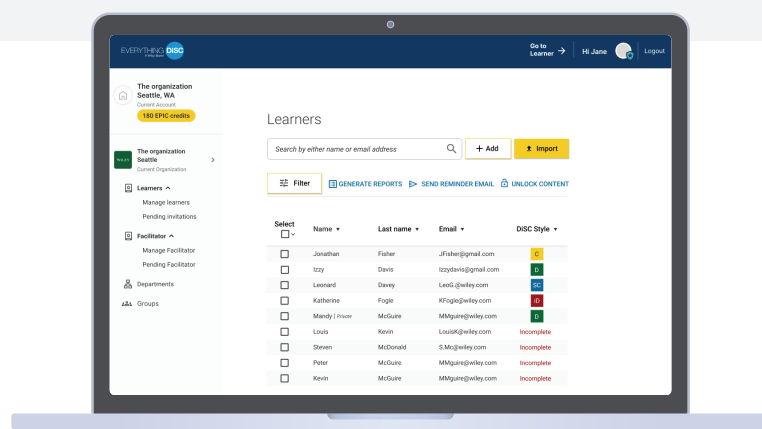

Foster Relevant Connections:

Help learners connect with colleagues by setting up and managing departments and groups across the organization — maintaining complete control and visibility.

Manage Learners with Ease:

Effortlessly manage all learners within an organization with user-friendly lists. View comprehensive activity history for any learner with just a click!

Link your EPIC account with Catalyst for a seamless experience!
